Description

White Sage room spray will transport you to the sun-baked Mojave desert, where one of the West's most iconic plants, the dense grey white sage bush, grows wild across the sprawling desert landscape. A clean, quick solution to many household needs, our White Sage room spray is an all-natural replacement for more chemical heavy odor eliminators. Use it to enliven a room, on linens, on upholstery, anywhere that may need a little reviving. When you can't get out there, bring nature home.

Application: Shake well. Spray into the air to freshen up any room or directly onto fabric, blankets, linen etc. (1-2 sprays).

2 Fl Oz (60 mL)
